Riddle

Question: Most people know that inverted nun's appear before and after "Vayehi binsoa haAron ..." in Bamidbar 10:35-36. But seven other inverted nun's appear in Tanach, all in the same chapter. Do you know where?

Last Week's Riddle:

Question: Where in Tanach is there a pasuk that contains three consecutive words with exactly the same letters? Hint: It is contained in a prayer we say multiple times every day of the year.

Answer: In Yeshayahu 45:20 it says "el kel lo yoshia." The first three words have the same letters. Part of the verse is contained in Aleinu.
